## **YourMedicare<sup>SM</sup> Helps Feeding America<sup>®</sup> Through New Online Enrollment Center**

*Each insurance enrollment helps provide at least 10 meals for people who face hunger*

**Clearwater, Fla.** – YourMedicare.com, LLC, a national non-government organization dedicated to helping provide Medicare beneficiaries with the information they need to learn, compare and decide on their Medicare options, is pleased to announce its partnership with Feeding America<sup>®</sup>, the nation's largest domestic hunger-relief organization.

For every 2020 effective insurance enrollment submitted on the YourMedicare Enrollment Center will help provide at least 10 meals\* to seniors, veterans, children and families in need.

“Since we kicked off this program on October 1, we’ve helped provide more than 200,000 meals to people who struggle with hunger in the U.S.,” shared YourMedicare’s leader, Matthew Graham. “But with nearly 5.5 million senior citizens currently facing hunger, more work is needed to provide to people who need it most.”

The YourMedicare Enrollment Center is a multi-carrier platform that allows agents to compare, quote and enroll their clients all in one convenient place. Often averaging an enrollment every minute for 10 hours straight each day, the YourMedicare Enrollment Center is gaining in popularity.

“We understand the challenges seniors face, and that was the genesis of YourMedicare,” said Graham. “Our partnership with Feeding America is an additional way to support people who struggle with hunger by providing nourishing food to people who need it most.”

Sixty-three percent of senior households served by the Feeding America network are forced to choose between food and medical care. And as the baby boomer generation ages, the number of seniors facing hunger is only expected to increase.

“Please join YourMedicare.com as we work with Feeding America to help bring an end to hunger,” said Graham.
